About This Game

What is it?

Burnin' Rubber 5 HD is the version as it was intended to be! Battle over 30 challenges against the toughest opponents ever. Unlock new cars, buy new weapons and upgrades. It's a massive 3D action arcade racing game, completely remastered. Jam-packed with all of the destructive goodness that made the previous games such a huge success!

History

The Burnin' Rubber games have been online since 2007 with over hundreds of millions of plays. At Xform we greatly enjoy developing new entries. Iterating upon the previous one and trying to get even more action and explosions in the new one. Since the games were originally developed for online play we always had to cut and tone down our content. Also, browsers are now phasing out the plugins that are required to play our awesome games! The released version was never the same as our 'development' version, but NOT for much longer. We would like to introduce you to the full HD remaster of Burnin' Rubber 5!

Updated 16/04/2019

we Already bought BR3 and BR4 :D. I don't remember the handling of the cars being this much of a yikes in the web version, but everything else was ported over perfectly. If you played the web series of Burnin' Rubber, the nostalgia from playing this is overwhelming. If you didn't, it's a second-rate racing game with annoying bugs.
