### About This Game

Our hero has decided to get away from the urban bustle and out into nature to relax. On his way to his cabin, while anticipating the amazing sunsets, fresh air, the tranquility of the mountains, a heavy rain began to fall. His car breaks down in the middle of nowhere, the cold torrential rain dashing any hope of getting the car moving again. He hadn't seen another person in hours, and as far as he could recall, there was nothing around...but for an abandoned building. He approaches it, seeking shelter, but is it really abandoned?

If a crap took a crap then that crap took a crap and then that crap got lost in a field of craps and decided to take a crap while watching someone play this crap it's still not enough craps to display how crap I found this game. Still look on the bright side I got my 75 cents worth in this review.
