Freedom Wars is an upcoming 4-player survival action game developed and published by Bandai Namco Entertainment for the PlayStation 4. The game is set in a parallel universe where a massive meteor has crashed into the world and caused it to split into two halves. The story revolves around a race to repair the forcefield that was created to defend one half of the planet. Freedom Wars will be released in Japan on March 31st, 2020, for PlayStation 4. Mar 22, 2020 Freedom Wars, a PS4 . Freedom Wars is a 4-player, action-survival game, where the goal is to reach the end of this strange, post-apocalyptic world. The gameplay is quite different from all the other games released this year. You must build your own base and protect it from other players Freedom Wars is a very pretty game. The art style uses a green-like color palette and a lot of bright, vivid colors. This makes the world look like it's constantly recovering from a crash. Freedom Wars is the first PlayStation 4 4-player game to use the PS4 . The development team has also worked hard on enhancing the game's online features. The communication tools have been improved and the player can also build their house in real life and invite their friends to join. This feature will be added in the next update. Freedom Wars is a 4-player, action-survival game. Players will have to build their own base and protect it from other players. This game feels like a cross between Ark, The Sims and Fortnite, and it looks really pretty. It's a PlayStation 4 exclusive, and it's now available for pre-order on Amazon in the US.
